U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On January 18, 1976
- Export shipments in
Current Marketing Year
- Daily Sales reported
January 19 - 27, 1976

-- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

U. S. DEPARTMENT OF AGRICULTURE, FOREIGN AGRICULTURAL SERVICE

EXPORT SALES REPORT

Comments on release of January 29, 1976 (based on reports from exporters during the week ending January 18, unless otherwise noted):

INCREASE IN CORN COMMITMENT TO U.S.S.R.: The main new development in export sales of grain is a new commitment of U.S. corn to the U.S.S.R. totaling 301,198 MT. This is the first such net increase in U.S. sales to the U.S.S.R. since November 11, which was shortly after the lifting of last fall's moratorium. The new commitment to the U.S.S.R. reportedly does not, however, involve a new purchase of corn by U.S.S.R. authorities, or a net increase in U.S.S.R. global import purchases; this is because the new U.S. commitment is only in replacement of grain which, under an already existing contract, was previously scheduled to be supplied entirely from non-U.S. origins.

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1975/76 rose by 457,300 metric tons (MT), bringing this year's total commitment to 26.3 million MT. Some of the new commitments were to Brazil (106,500 MT), Dominican Republic (65,100 MT), and Taiwan (54,000 MT). Commitments to the USSR increased by 153,300 MT, largely reflecting transfers from optional origin rather than new sales. The new sales to Brazil bring the total commitments to that country this marketing year to 1.9 million MT, compared with only 475,000 MT for the comparable period last year and 1.3 million MT ahead of the 621,400 MT shipped during all of 1974/75. This reflects a substantial surge in U.S. commitments to Brazil, which are expected to reach 2.5 million MT for 1975/76. The increase in expected commitments reflects Brazil's need to compensate for their poor 1975 wheat outturn, estimated at only 1.8 million MT compared with 2.8 million MT in 1974.

Feedgrains: The apparent export commitment for feedgrains in 1975/76 rose by 672,800 MT. Corn commitments advanced by 568,700 MT with major increases to the European Community of 167,000 MT, Japan of 99,800 MT, and the U.S.S.R. of 201,800 MT. The increased corn commitments, principally to West Germany (108,500 MT) and Italy (40,600 MT), now bring the total to 4.9 million MT for the year to the European Community. The increased commitments to the USSR reflect transfers largely from optional origin rather than new sales.

Since January 18, new commitments to the U.S.S.R. totaling 301,198 MT have been reported under the daily reporting system for January/April 1976 delivery. This increase in commitment to the U.S.S.R. does not affect the total U.S. corn export commitment level, since it has been offset with a reduction in commitments to Japan (47,188 MT) and unknown destinations (254,010).

Soybeans: The apparent export commitment for 1975/76 increased 255,800 MT, primarily reflecting increased commitments to the European Community (EC), Taiwan, Spain, Norway, and unknown destinations. New sales totaled

267,700 MT against net cancellations and foreign purchase activity of 12,000 MT. Exports during the week totaled 334,200 MT, primarily to the EC (179,200 MT), Japan (56,100 MT), Taiwan (23,500 MT), and unknown destinations (48,200 MT).

The 1975/76 domestic soybean crush estimate has been increased by 25 million bushels, reflecting the sharp recovery in domestic use of soybean oil and meal. Soybean exports also have been raised by 25 million bushels because of demand recovery, especially to Western European countries. U.S. carryover stocks next September 1 are now projected at 280-380 million bushels, somewhat below the last estimate.

Soybean Oilcake and Meal: The apparent export commitment for 1975/76 declined 16,300 MT, primarily reflecting a decrease in commitments to unknown destinations of 71,000 MT. Increased commitments to Yugoslavia (15,800 MT), EC (15,300 MT), Spain (12,300 MT), and Poland (5,700 MT) offset most of the decline in the unknown category. Exports during the week totaled 92,900 MT, almost unchanged from the previous week. The major takers were the EC (57,400 MT), Spain (12,300 MT), Yugoslavia (9,200 MT), Canada (6,500 MT), and Poland (5,800 MT).

During 1975 world peanut meal exports were approximately 1.6 million MT, almost unchanged from 1974. Indian exports fell from 708,000 MT shipped during 1974 to 500,000-550,000 MT in 1975.

Senegalese exports, however, climbed to 275,000-300,000 MT, in 1975 compared to 177,000 MT shipped during 1974.

Cotton: The apparent export commitment in 1975/76 for Upland cotton increased by 201,000 running bales (RB), by far the largest weekly increase during this marketing year. This rate approximates the average rate during the strong demand period January 1972 to May 1973. Net new sales were about evenly divided among the three staple length categories. Net sales of cotton under 1-inch staple were 62,000 RB, mostly to Japan, the Republic of China, and Bangladesh. Net sales of 1 to 1-1/16 inches were 74,000 RB, mostly to Bangladesh, Indonesia, and the Republic of Korea. Net sales of 1-1/16 inches and above were 65,000 RB, mostly to Indonesia, Japan, and the Republic of Korea.

In addition to the improved price competitiveness of U.S. cotton previously noted, these substantial sales reflect future price trend assumptions by importers and less aggressive marketing by competitors.

OUTSTANDING EXPORT SALES AND EXPORTS - 1975/76 MARKETING YEAR
